

CS:GO server has custom maps

2013-01-08 20:32:59 by TheRogue

From today the bgz cs:go server is running custom maps - this is also fastdload - but for the resource side, like the overview or download screen, plz dload the files off of the website and add to the relevant folders.

maps added are:

de_cambodia and cs_siege
